Dean 440 Below Deck Plan

ACTIVITIES

Diving & Snorkeling

The yacht is equipped with snorkeling and SCUBA equipment to cater for guests.

Watersports

The yacht has a variety of sports equipment on board including conventional fishing equipment, O'Brien tube, and snorkeling gear.

Game Fishing

Is provided while under way from one point to another by trolling lures. Standard rods, reels and lures are provided. You are welcome to take your own game or light tackle fishing equipment as well as spinning gear and fly-fishing equipment.

Tender Boats

Skipped by a staff member normally but qualified clients can assist, the 1 semi rigid inflatables is available to take guests to selected Islands to explore or to go fishing, snorkeling or diving at the skipper's discretion.

NB: Although alternative activities are provided the majority of the group determine the direction of the flow and those not in the majority need to understand that a yacht is not a resort with endless staff to see to a variety of activities all at the same time. This package is sold as one of the following - a General Cruising trip / a Fishing trip, a Flyfishing trip or a Diving trip. However if a single group is chartering the yacht the group together with the skipper & hostess can discuss the groups' needs and formulate a plan that ensures that all preferences in the group are met based on conditions and the skippers discretion.
